

**COMMUNITY  
ORGANIZATION  
FOR RESOURCE  
EQUITY (CORE)**

Since the inception of the CORE Foundation in 2021, the mission has been to serve the community in need.

- ✓ CORE assisted the HEART program (Homeless Education Assistance Resource Team) with school supplies and toys.
- ✓ CORE provided monthly after school snacks for the children at the L.A. Lee YMCA/Mizell Community Center, in Ft. Lauderdale
- ✓ CORE provided scholarships to outstanding high school seniors striving for a four year college education.
- ✓ CORE raised money to assist two families deeply affected by tragedy, due to hurricane devastation and the loss of their home due to an unexpected electrical fire.

At the core of the CORE Foundation is the urgency for Advocacy in Action, to change the Florida political landscape to assist the unfortunate and weak.

- ✓ CORE hosted a political forum in 2022 for local candidates attempting to make their mark on the communities they serve. Their messages needed to be heard in order for registered voters to make informed decisions at the ballot box.

Last but certainly not least, there are over two million individuals in FL who are unable to vote because they are convicted felons.

- ✓ CORE is partnering with other local organizations to assist Returning Citizens with free educational opportunities and providing a pathway for them to regain their Right to VOTE!

The CORE foundation perseveres through sincere dedication in serving the underserved.

**ETA NU EDUCATION FOUNDATION  
(ENEF)**

The Eta Nu Education Foundation (ENEF) is committed to making a measurable difference in the lives of young people in our Broward county community. We are convinced that the best way to do this is through education. Our mission is clear: we desire to cultivate and develop our youth and enrich our community. We must make every effort to provide the best opportunities for our youth to learn and grow. Our kids face a myriad of challenges every day, many of which are beyond their control. The Eta Nu Education Foundation strives to provide educational assistance not only financially, but also through Mentorship and Social Action.

We currently mentor 70-85 youths through our "Q-Unit" and our "Gentlemen of Influence" mentorship programs. We work personally with each of these kids to help them develop the proper skills that will help them be successful as they go through the educational process. Our long-term goal is to provide scholarships that will help them to continue their education beyond high school. It is through your assistance and others like you, that we are able to make the dream of attending college for a student who otherwise could not.
